Florida NeuroAlliance (FLNA)

Mission:

The Florida NeuroAlliance is dedicated to improving the quality of life for people with neurological conditions living in Florida.

Activities:

The Florida NeuroAlliance strives to serve as the one unified voice for individuals with neurological conditions living in Florida. The Alliance will fulfill its mission through Education, Community and Professional Awareness, and Advocating for public policies that:

- Assure access to quality health care and support services;
- Support cutting edge research leading to better treatments and cures for neurological conditions;
- Protect the rights of people with neurological conditions; and
- Promote full participation of people with neurological conditions in their respective communities

Membership:

The Florida NeuroAlliance is a diverse coalition and membership is open to Florida organizations and individuals with interest and/or expertise in improving the quality of life for Floridians living with a neurological condition.

Members include:

- Patients
- Carepartners
- Health and advocacy organizations
- Advocates
- Medical and support services providers, and
- Researchers
